

A photograph showing several people's hands and arms reaching down from the top of the frame to draw a winding road or path in the light-colored sand. The shadows of the people are cast onto the sand, creating a visual metaphor for the 'Road to Innovation' mentioned in the text.

This is Essity, A Road to Innovation

What Absorption Means

O impacto na qualidade de vida das pessoas! Exemplos de testemunho

Eu precisava, mas tinha certa resistência em experimentar. Depois que a linha TENA Lady chegou ficou tudo mais fácil. Por ser discreto e não vazar me sinto muita mais segura e à vontade de usar e falar sobre incontinência. Agradeço muito por esse produto ter chegado as minhas mãos e por ter me dado mais confiança pra sair e viver.

Existem duas pessoas diferentes dentro de mim, uma antes do TENA Lady, que tinha receio de sair, sentar e levantar pois sempre deixava marcas. E a de agora que sai, senta, levanta e RI sem medo de marcas nas cadeiras e roupa!!!

Obrigada TENA Lady Discreet!!!

Rosangela

Não conhecia nenhuma linha/marca específica para diferentes tipos de incontinência urinária, apenas fraldas, antes da TENA. O produto me surpreendeu, pois com ele descobri que existem outras motivações que levam a incontinência e que é ótimo existir no mercado um produto para isso. Não é vergonha ter incontinência e é maravilhoso estar segura para viver sem esse “medo”. Tenho casos de maior necessidade na família e a linha atende a todos.

Denise

Estou testando o mini e ultra mini, por enquanto pra mim atendeu super bem pois os meus escapes, são mínimos. Já tive dois partos normais. Minha mãe está testando os outros pois, no caso dela é quase uma incontinência mesmo.
